Sir,

With reference to

July last calling for certain
information in regard to the
lands taken up for the Yagachi Reservoir
Scheme, I have the honour to
submit herewith a statement
showing

9 showing the particulars of infor-
mation called for. It will be
seen from the statement that the
total extent of land taken up
for the bridge is 13 acres and
3½ guntas of which only 8 acres
and 3 guntas were taken perma-
nently and the rest temporarily.
The full amount of Compensation
settled for the lands taken up
namely, Rs 887 has been paid
up; the dates of payment to the
several parties being shown in
the Statement. It will further
be seen from the Statement
that by July 1891 the lands taken
permanently had been fully
paid for. As to the lands taken
up temporarily payment was
made

Made early in June last, the delay being due to the subject having been under correspondence for a long time. The other particulars called for in your docket under reference are furnished in the enclosed statement but I may add here as to the rate of compensation fixed for dry and wet lands, that no regular awards settling the compensation were made as the matter was settled by means of a friendly agreement, regard being had to the price of lands in the neighbourhood each case being dealt with separately and on its own merits. The total amount of compensation thus fixed for the several lands is shown in the last column of the statement.

that amount was sanctioned by the undersigned in May/02. As every estimate must be covered by appropriation of funds, it was requested that a sum of Rs. 288/- might be obtained from Local Funds General under which the estimate was sanctioned.
